We're happy to announce the release the updated version of the Floorball Scoreboard & TV, Netball TV, Icehockey Scoreboard & TV, Handball TV and Waterpolo TV template packs! This is a minor update, fixing some bugs found in the Results Template.

The updated template pack is available for download in Sport in the Box as well as [from here](#).

Bug Fixes

☐ Fix bug with non-editable period text. New setting field for typing in a generic “Period” label is added. The option to use custom period labels for each period is still available, but now the text when not using custom period labels are also possible to customize.
