What's New

IMPORTANT NOTE:

If you are using Scorepilot with Sport In The Box 2 then you **MUST** update Scorepilot to version 1.8.1 or later if you are using paired network connection between Sport In The Box 2 and Scorepilot.

You must also pair Sport In The Box 2 with all Scorepilot units again because old pairings will not work.

Integration & Controls

Improved external control

- Fix bug in Swimify sport control where heat rank was not set correctly
- Add distance column in Swimify timekeeping grid
- Changed the way Sport In The Box 2 communicates with Scorepilot using a different protocol that is more secure and stable.
NOTE: You must make sure Scorepilot is updated to latest version v1.8.1 or later and redo all the pairings!
- Added Kr8 console for icehockey only
- Fix bugs in Bodet console, see below
 - Fix team fouls for Bodet
 - Fix shotclock to show decimal point during last 5 seconds for Bodet
 - Fix player personal points for new Bodet network console since you can now use custom player numbers
 - Fix TCP connection data for Bodet console
- Fix bug when using ATU-X protocol for athletics
- Add American football with Scorepilot console

- Read reaction times when using Alge Swimming
- Splash info is only shown in Note field and not both Note and Q fields in Swimming scoreboard
