Sport In The Box Support

Sport The Box version v2.19 released

2025-05-28 - Dmitri Peredera - Comments (0) - Sport In The Box Releases

We are pleased to announce the latest update to Sport In The Box version 2.19.9279.19432.

This release encompasses a range of new features, enhancements, and bug fixes.

This is a minor update with focus on internal components and dependencies:

New functionality

- Updated visual components to v24.2

- Scorepilot: added as option to more sports.

Changed functionality

- Edit forms are now open on same monitor as main window.

Bugs fixed

- Issues with opening Edit Match window.

- Fixed issues with internal web server receiving too many calls.
