How to setup Splash Meet Manager with SITB2

Erik Berglund - 2021-08-27 - Comments (0) - Common questions

To setup Sport In The Box with Splash Meet Manager you need to follow this guide:

1. Make sure that your Splash PC and SITB2 PC is in the same local network.
2. On your splash computer go to C:\ProgramData\Meet Manager
3. Right click and push "Edit" on the Meet file.
4. At the bottom of the file add:

   [LiveInfoServer]
   PortNr=3001
5. Save the file and close it
6. Restart Splash MM and allow acess to the network if your firewall ask for this
7. Go to SITB2 and swimming settings
8. Select Splash as Data handling.
9. Click the Data handling setting bellow and Enter the IP adress of your Splash MM computer + the Port added.
   Like: http://192.168.1.15:3001
10. Click Get events
    You are all set to run your event!
