Sport In The Box 2 release - v2.24.1.21

2026-09-16 - Dmitri Peredera - [Kommentarer \(0\)](#) - [Sport In The Box Releases](#)

This version adds support for Kr8Time consoles, American football scoring through Score Pilot, and a shot clock dot you can put on screen.

[Download Version 2.24.1.21](#)

This version adds support for Kr8Time consoles, American football in Score Pilot, and the shot clock dot as scoreboard data and as a template field.

Kr8Time consoles

- New support for Kr8Time consoles.
 - Kr8Time consoles reconnect within 10 seconds instead of up to 30 seconds.
 - Fixed tenths of a second shown on penalty times on Kr8 consoles.
-

American football

- New support for American football in Score Pilot.
 - The buttons for changing score, downs and yards are now hidden when the internal clock is not used.
-

Score Pilot

Penalties and players

- New support for 10-minute penalties coming from Score Pilot.
- Team player lists are now sent to Score Pilot when requested.

- Fixed wrong penalties or players being shown when a penalty or a player was removed.
- Fixed wrong penalties or players being shown when more than three penalties were active at the same time.

Clock and horn

- The play and pause state is now sent to Score Pilot.
 - Fixed Score Pilot stopping when horn information is missing.
-

Templates and scoreboard data

- The shot clock dot is now available as scoreboard data and as a template field.
 - Power break information — the name and the time of extra pauses — is now available in templates.
 - Fixed one of two HTML templates failing to show when both were started at the same time.
 - Fixed template rows appearing twice in Settings after templates were updated from the web.
-

Swimming

- New Distance column in the Swimify timekeeping list.
-

Ice hockey and scoreboards

- Fixed Westerstrand scoreboards reading some messages incorrectly and producing wrong values.
- Fixed wrong information returned by the ice hockey web interface used in Turku.

Technical Improvements (For Operators)

- The installer does not require to repair after version upgrade.
- The installer now sets up the firewall for Score Pilot automatically.
- Fixed the list of remote computers not loading over the web interface.
